EDUCATION BEYOND BORDERS

Tabulation and Presentation of Data

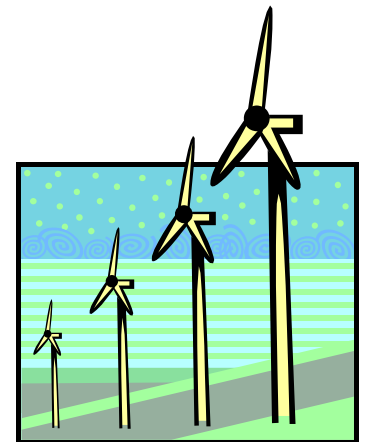

Learning outcomes:

- Represent data in various ways, such as frequency distribution table for grouped and ungrouped data, histogram, bar chart and pie chart.
- Construct histograms using equal and unequal class widths.

Histogram with unequal width of class

Example: Draw a histogram using the following table.

Height/cm	No. of students
140-159	20
160-169	16
170-179	17
180-189	13
190-199	5

Solution:
